

Career paths:

There are lots of roles to explore in the field of Computing and ICT. Some jobs could even involve learning a new language...

Some roles you could explore are:

- Data analyst
- Digital content producer
- Systems engineer
- Programmer
- IT Support
- Digital Marketing

See the link below for more information on these roles.

What can I do after I have completed this course?

Computer Science and ICT are fantastic courses that prepare students for the ever increasingly digital world. After you have completed the courses, we offer a Level 3 IT BTEC qualification and A-level Computer Science for sixth form. The KS4 ICT and Computer Science courses will teach you the necessary skills to success in the Level 3 BTEC IT course or A-level Computer Science.
