Core Learning Aim

The need for a core learning aim is assessed on an individual student basis;

Type of Programme	Core Learning Aim Requirements
Academic – All qualifications being studied are non-vocational	No core aim should be selected
Vocational - All qualifications being studied are vocational	A core learning aim <u>must</u> be selected. This is based on; 1. The qualification the student is most likely to complete 2. The qualification that attracts the highest weighting for funding purposes
Mixed – Qualifications being studied include both academic and vocational	A core learning aim <u>must</u> be selected. This is based on; 1. The qualification the student is most likely to complete 2. The qualification that attracts the highest weighting for funding purposes

Programme Type -	
Core Learning Aim <u>if applicable</u> -
