

Year 7 Geography Learning Journey

Transferable skills:

Literacy
Numeracy
Analysing sources
Applying learning to alternative scenarios
Constructing narratives
Presenting ideas

Careers Links:

Careers linked to this topic include cartography, architecture, local planning, organisations such as Scouts/Guides.

The skill of reading a map will support students in any future travel they might embark on.

Students will explore the physical world through weather and climate linking to careers in meteorology and broadcasting.

End of Year

UK coast and uses

Waves and erosion

Mystery of Old Harry

Coastal defences

Coral reefs and sea level rise

Key Topic 5

5. Coasts

LINK TO R.E Christians using prayer due to natural disaster impacts. Natural evil links – all hazards.
