

Pre A level Art work 2024

As part of the entry requirements to study A level Art you must complete the work below and email it to me asap but no later than 1st August.

1. Produce visual research on an artist of your own choice. It should be someone whose style you like and could hopefully inspire you in the future.
2. Choose one piece of work from your chosen artist and analyse using your writing frame. I have attached it to your homework page on SMH if you cannot locate your own copy.
3. Carefully copy a section of the artist's work using whatever materials you have available
4. Produce a collection of drawings from direct observation based on the following tasks:
 - Your own reflection in a metal spoon
 - A view from a window in your home
 - A corner of your bedroom
 - A collection of objects which reflect your interests
 - A still-life made of domestic objects

For the practical work ensure that you showcase your very best drawing skills using your knowledge and understanding of the three main formal elements; composition, line and tone.

Please send work to me on astone@stj.kent.sch.uk
