Supporting you plan your future

How we share data collected in Year 10, 11, 12 and 13 with Kent County Council

The information **St John's Catholic Comprehensive School** collects from you during Year 10, Year 11, 12 and 13 may be shared with other organisations in order to provide you career and other guidance and for administrative, statistical and research purposes relating to education and training.

Information we have to pass on by law

We are required by law to pass some of your information to Kent County Council (KCC) as part of the Intended Destination, September Guarantee and Annual Activity processes. This is to assist KCC to fulfil its legal obligation under the Education and Skills Act 2008 and the Apprenticeship, Skills, Children and Learning Act 2009 to assist, encourage and enable young people aged 13-19 (and young adults with learning difficulties or disabilities up to the age of 25) to participate in education or training. KCC are then required to share this information with the Department of Education.

We share the following information about you:

- What you are intending to do after Year 11 in terms of education, training or employment (your Intended Destination).
- Which post-16 provider made you an offer of a place on a course at the end of Year 11 or Year 12 if you stayed at this school after Year 11 (referred to as the September Guarantee).
- What your destination is after you leave Year 11 or Year 12 or Year 13, if we are aware of this (as part of the Annual Activity Survey). This could include sixth form at this school.

Information KCC may share with us once you have left school

Kent County Council has a legal responsibility to track all young people up to the age of 19 (and young adults with learning difficulties or disabilities up to the age of 25). The purpose of collecting this information is to assist the planning of education and training for young people and the support services they require. Some of this information is then shared with the Department of Education who use the information to plan at a national level.

Kent County Council will, if you allow, inform us, **St John's Catholic Comprehensive School**, of your current activity once you have left the school. This is in relation to education, training, or employment with training you may be undertaking, and whether you are NEET (Not in Education, Employment or Training).

The purpose of this is to:

- Enable us, **St John's Catholic Comprehensive School**, to offer support should you become NEET
- Check that the education we provide is enabling students to make a positive progression once they leave the school
- Help plan support and education for future students.

Information that may be shared with other schools and colleges

Some of the information we collect from you during Year 10 and 11 and as part of the Intended Destination, September Guarantee and Annual Activity processes, may also be shared with EFA funded post-16 providers (hereafter referred to as 'post-16 providers') who deliver in Kent.

These providers are listed on www.kentchoices4u.com.

These providers could offer you a progression route and support your transition into post-16 education, training or employment with training.

To support your transition to post-16 education and to support planning for future learners we, or KCC, may also need to share further information on you directly with post-16 providers after you have enrolled. This includes:

- Whether you are NEET and may need support finding an education/training/employment opportunity
- Your activity after leaving a FE College after Year 12 or 13

- Whether you are a carer
- Whether English is an additional language for you

- Whether you receive free school meals, and
- Whether you are currently supervised by the Youth Offending Team.

You have a choice about what information is shared after you turn 16.

You can ask that:

- **No** information beyond name, address and data of birth be shared with KCC or
- **No** information about your current activities once you have left school be shared with us and or
- **No** information to be shared with post 16 providers in the future.

Youth support services

What is different about pupils aged 13+?

Once our pupils reach the age of 13, we also pass pupil information to our local authority and / or provider of youth support services, as they have responsibilities in relation to the education or training of 13-19 year olds under section 507B of the Education Act 1996.

This enables them to provide services as follows:

- youth support services
- careers advisers

A parent / carer can request that **only** their child's name, address and date of birth is passed to their local authority or provider of youth support services by informing us. This right is transferred to the child / pupil once he/she reaches the age 16.

Our pupils aged 16+

We will also share certain information about pupils aged 16+ with our local authority and / or provider of youth support services as they have responsibilities in relation to the education or training of 13-19 year olds under section 507B of the Education Act 1996.

This enables them to provide services as follows:

- post-16 education and training providers
- youth support services
- careers advisers

For more information about services for young people, please visit our local authority website.

The National Pupil Database (NPD)

The NPD is owned and managed by the Department for Education and contains information about pupils in schools in England. This information is securely collected from a range of sources including schools, local authorities and awarding bodies.

We are required by law, to provide information about our pupils to the DfE as part of statutory data collections such as the school census and early years' census. Some of this information is then stored in the NPD. The law that allows this is the Education (Information About Individual Pupils) (England) Regulations 2013.

- producing statistics
- providing information, advice or guidance

The Department has robust processes in place to ensure the confidentiality of our data is maintained and there are stringent controls in place regarding access and use of the data. Decisions on whether DfE releases data to third parties are subject to a strict approval process and based on a detailed assessment of:

- who is requesting the data
- the purpose for which it is required
- the level and sensitivity of data requested: and
- the arrangements in place to store and handle the data

To be granted access to pupil information, organisations must comply with strict terms and conditions covering the confidentiality and handling of the data, security arrangements and retention and use of the data.
